

Brenno Bener

Maracanaú, CE · (85) 99239-2237 · brennobener@outlook.com · [linkedin.com/in/brennobener](https://www.linkedin.com/in/brennobener)

Profile

Technology student passionate about Design, Artificial Intelligence and Cloud Computing, with skills in Ui/Ux, Python and data analysis. Developed academic projects in data structures and algorithms, and led teams in dynamic environments, optimizing processes and delivering results. Seeking to contribute to innovative technology projects, applying my analytical and collaborative mindset.

Skills

Técnicas:

- Languages: Python, C, JavaScript
- Tools: GitHub, Figma, Power Bi, Vscode
- **Design:** Wireframing, Prototyping, User Research (basic), Visual Design

Experience

- **Logistics Assistant**
Amazon – Itaitinga, Brazil
Jun 2024 – Jul 2025
 - Supported logistics strategies to improve operational efficiency in a fast-paced distribution center.
 - Collaborated with cross-functional teams and optimized internal processes.
- **Risk Management Consultant**
ABAX Audit & Consulting – Fortaleza, Brazil
Oct 2024 – Dec 2024
 - Conducted on-site technical visits, identifying risk factors and proposing tech-based solutions.
 - Produced analytical reports to support strategic decision-making.
- **Bar Manager**
Ruffo Recife – Recife, Brazil
Sep 2023 – Jan 2024
 - Managed a team of 10+ employees, conducted training, and streamlined operations.
 - Introduced new products that improved customer satisfaction (based on internal metrics).
- **Assistant Mixologist**
Hoots Gastropub – Fortaleza, Brazil
Sep 2022 – Aug 2023
 - Assisted in recipe development, leading to an increase in sales.
 - Supported team training and contributed to a collaborative work culture.

Education

UI/UX Design with Artificial Intelligence

Digital College – Fortaleza, Brazil

2025 - In Progress

System Analysis and Development

Universidade Cearense (UNIC) – Fortaleza, Brazil

2024

Civil Engineering

Universidade de Fortaleza (UNIFOR) – Fortaleza, Brazil

2014–2016

Certifications

- CS50: Introduction to Computer Science – Harvard University, 2024
- AWS Cloud Practitioner Prep – Santander, 2024
- Scientific Computing with Python – freeCodeCamp, 2023
- Algorithms and Data Structures – freeCodeCamp, 2023
- Fundamentals of C/C#/C++ – Microsoft, 2023
- Power BI for Data Analysis – Data Science Academy, 2023
- Frontend Development – Trybe, 2022
